

Bird Photography for Beginners:

Capturing Nature's Beauty

Saturday June 27th 10:00AM

Nature Center @ Tippecanoe River State Park

Program Description: Using her own photos as examples, Barb will demonstrate 12 tips for capturing amazing bird photographs. Equipment, shooting techniques, steps to develop your skills, ways to share your work with others and more will be covered. Enjoy her artistic work as you learn how to enhance your own. The program will be last about 50 minutes followed by a nature photo practice time outside.

BIO: Dr. Barb Lucas is from Rensselaer, IN. Bird watching and nature have been her passion for decades. When she retired from teaching and school administration, she started photographing birds and now she can't stop. Her goal is to help people fall in love with the natural world and save it, one bird at a time. She has presented programs on topics related to birding at area libraries, state parks, civic groups, the Prairie Arts Council, area Care Centers, Audubon Societies, and Kankakee Sands TNC.
